Mairead Carvey – Bantam

Mairead Carey is 13 years old and in the 8th grade at Urbana Middle School. She took skating lessons when she was four years old and decided that she wanted to play ice hockey after watching a high school game. Mairead hasn't put her stick down since.

Mairead is a member of the Montgomery Blue Devils Bantam A team. Says coach Paul Lofgren, "Having played for me for the last two years, I have witnessed Mairead blossom into a highly intelligent and skilled defenseman. Her analytical skills and vision on the ice are unequal. More importantly, her team-first attitude and work ethic is making her become the heart and sole of a team in transition by anchoring the defense. She is tenacious and quick and because she is a girl at this level, always underestimated. Finally, she mentors the less experienced defensemen who accept her tutoring because they see her lead by example on the ice." Beside strong defensive play, Mairead is finding the net with two goals and numerous assists already this season.

Mairead has achieved straight A's each year of middle school. She is a Girl Scout, a member of the Fellowship of Christian Athletes and the St. Peter's Junior High Youth group, and active in her community. In Girl Scouts,

Mairead earned her CPR certification. This training allowed her to save her two-year old sister's life in a drowning accident this past summer.

In addition to hockey, Mairead plays travel lacrosse, basketball, swims, and enjoys fishing and following the Washington Capitals. Her goal is to attend college where she will have an opportunity to play on a women's ice hockey team.
